Titex Lubricants  
UAQ Industrial Area  
United Arab Emirates

**Subject: OLOA Additives**

Titex Lubricants is using Chevron Oronite OLOA Additives.

Currently they are buying Chevron Oronite Additives OLOA 58000 a PCMO and HDDEO Additive through (Dynamics Middle East - FZC).

Dynamics Middle East-FZC are the official distributor of Chevron Oronite OLOA Additives and PARATONE viscosity index improvers for Lubricants in KSA, United Arab Emirates, Bahrain, Qatar, Oman, Yemen, Kuwait and Pakistan.

Titex Lubricants are using OLOA 58000 to blend different grades of PCMO and HDDEO Engine Oils with our recommended formulations which are as following: -

1. TITEX SAE 15W40 API CF-4/SG
2. TITEX SAE 15W40 API CF-4/SG
3. TITEX SEMI SYN SAE 10W30 API SL/CF
4. TITEX SEMI SYN SAE 10W40 API SL/CF
5. TITEX SEMI SYN SAE 10W60 API SL/CF
6. TITEX SAE 15W40 API SJ/CF
7. TITEX SAE 20W50 API SJ/CF
8. TITEX SAE 15W40 & 20W50 API SL/CF
8. TITEX SAE 15W40 & 20W50 API SF/CD

Yours sincerely,

Khurram Malik
